

The best lightweight pallet in the world!

Light: Only 5.5 kg

Clean: Smooth surface

Smart: Low costs

Eco: Environmentally friendly

Pallets can be this easy!

LIGHT

1. B4B - The lightweight

- Only 5.5 kg (B4B Euro, 800 x 1200 mm)
 - 900 kg dynamic load capacity
 - 4,500 kg static load capacity
- Only 3.2 kg (B4B Half, 600 x 800 mm)
 - 400 kg dynamic load capacity
 - 2,000 kg static load capacity
- Ideal air-freight pallet

ECO

4. B4B - The environmentally friendly

- Minimal use of material (because of high density fiberboard)
- Passes all international environmental regulations
- All raw materials are from sustainable forestry (PEFC or FSC certified)
- According to ISPM 15 – The material is suitable for worldwide transport
- Minimizes the amount of waste at final destination

CLEAN

2. B4B - The clean thing

- Clean, smooth surface
- No nails, no splinters, no fringes
- Neat extraction surface
- Practical loading due to the solid deck
- Good resistance against moisture

SMART

3. B4B - The cost effective pallet

Measurably lower costs for

- **Transportation and warehousing:**
 - B4B Euro
 - 100 pallets stacked per square meter
 - 3,300 pallets stacked per truck load
 - B4B Half
 - 200 pallets stacked per square meter
 - 6,600 pallets stacked per truck load
- **Export:** Up to 7 kg more loading capacity than comparable pallets
